

DOSR/RN/2026-11 – Partial roll out of the DOSRs new digital tools

Date: 21-08-2026

References

[DOSR/RN/2026-07 – Update on the discontinuation of DOME and DOSRs replacement digital applications](#)

Issue

1. The purpose of this RN is to provide an update on the DOSRs replacement digital tools that were due to supersede DOME on 8th May 2026.

Aim

2. This RN is aimed at all users of the previous DOME database including the regulated community.

Scope

3. As of 01 September 2026 the DOSR Classification Tool will go live, meaning the tool will be available for use by the user community.
4. The tool will be accessible via the new [DOSR Digital Tools Hub](#) page on MODNET.
5. Written training guides and video guides with transcripts detailing how to use the tool are also available to the user community via the new [DOSR Digital Tools Hub](#).
6. The tool is not accessible to users without MODNET accounts.
7. OME Certification will continue to remain offline until a future date TBC. See guidance in the 'queries' section on who to contact if you have queries during this time.

Implementation

8. Effective immediately.

Queries

9. Queries should be directed to the following multiusers:
 - Classification - DSA-DOSR-Classification@mod.gov.uk
 - FTA Licencing - DSA-DOSR-FTA@mod.gov.uk
 - Laser Certification - DES-WTS-LO@mod.gov.uk
 - OME Certification & Waivers - DSA-DOSR-PERMISSIONS@mod.gov.uk
 - Range Licensing - DSA-DOSR-PRG@mod.gov.uk
10. Any user issues with the new tool should be reported to the DOSR via email dsa-dosr-apmultiuser@mod.gov.uk

11. Any observations or requests for further guidance on the content of this DRN should be submitted by email to dsa-dosr-apmultiuser@mod.gov.uk
